

British Heart
Foundation

**Join my
London to
Brighton
Bike Ride
Team**

Team Name

Where:
Clapham
Common

When:
17th June
2018

Why:

**FIGHT
FOR EVERY
HEARTBEAT**

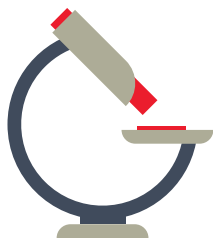

bhf.org.uk

Every single day, mums, dads, brothers, sisters, friends and grandparents are being lost to cardiovascular disease. I'm taking part in the London to Brighton Bike Ride to raise money for life saving research, and I need your help. The more people pedalling, the more money raised, the quicker we can beat heart disease and keep families together.

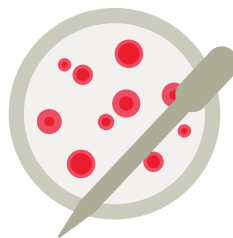

British Heart
Foundation

Help me
beat the
Beacon
for heart
disease

£10

covers a kit of test tubes, flasks, dishes and gloves used by a team of researchers. Stuff they need to do their jobs as much as you need your computer, tool box, car or whatever other essential thing you rely on.

£25

pays for one hour of research by our early career scientists to better understand how to diagnose, prevent, treat and cure heart disease.

£50

buys equipment that measures the levels of tiny chemicals found in heart tissue. Which can help develop anything from treatments and cures to earlier diagnosis techniques.
