What I'm doing and why I'm doing it:

Your donation powers research.

Heart and circulatory diseases strike without warning, leaving families devastated. But with your support, we can end the heartbreak they cause.

£5

pays for **125 microscope slides**, essential for our researchers studying faulty heart cells.

£10

pays for a **researcher toolkit**, containing all the test-tubes, flasks, dishes and gloves a team of heart attack researchers will use in a day.

£25

pays for **one hour of research** by our early career scientists to better understand how to diagnose, prevent, treat and cure heart and circulatory diseases.

Turn every £1 raised into *giftaid it* £1.25 through Gift Aid

If your sponsors are UK taxpayers, don't forget to ask them to Gift Aid their donations. By reclaiming tax on their donations, we can turn every £1 into £1.25 – and it doesn't cost them a penny extra. Just ask your supporters to write their full name, home address, postcode, and to tick the Gift Aid box overleaf

Need another form? You can photocopy this one as many times as you like.
