

## ***GCRFF Multinational Clinical Trials Initiative Expression of Interest - Example Summary of costs table***

<b>Name of funder</b>	<b>Country of enrolment</b>	<b>Estimated enrolment</b>	<b>Estimated amount requested (in pounds sterling)</b>	<b>Estimated amount requested (in local currency)</b>
★ British Heart Foundation	UK	160	£2,280,983.00	£2,280,963 (GBP)
Canadian Institutes of Health Research	★ Canada, New Zealand	250	£419,500.00	\$725,000 (CAD)
Dutch Heart Foundation	The Netherlands	100	£235,729.00	€282,273 (EUR)
German Centre for Cardiovascular Research	Germany	160	£486,931.00	€589,063 (EUR)
National Heart, Lung, and Blood Institute	USA	335	£1,243,147.00	\$1,556,00 (USD)
★ Swedish Heart & Lung Foundation	Sweden	60	£156,316.00	kr 926829 (SEK)
★ Novo Nordisk	★ Denmark	50	£319,035.00	kr 2,788,864 (DKK)
★ Novo Nordisk	★ Finland	50	£0.00	0
★ Endograft manufacturers	★ Core lab and registry	0	£275,000.00	£275,000 (GBP)

**Total cost of trial** (in pounds sterling, automatically calculated). **£5,141,641.00** ★

★ Funder names given in full, rather than abbreviations.

★ For funders supporting enrolment in multiple countries, add each country on a separate row and enter 0 for the amount requested in the additional row/s. You can also combine total enrolment in different countries in a single row if you do not currently have estimated participant numbers for each individual country.

★ Table includes all potential sources of funding for the trial (i.e., not only funders involved in the GCRFF Multinational Clinical Trials Initiative).

★ Where funding is not to support participant enrolment, a brief comment is added in the country of enrolment box.

★ The **Total cost of trial** should match the **Estimated total amount to be requested for the whole study** (on Page 2 of the EOI form: Trial summary).
