Heart Support Groups

What are they?

We raise money to research cures and treatments to beat heartbreak from heart and circulatory diseases like heart disease, stroke, vascular dementia and their risk factors like diabetes. These diseases can happen to anyone and everyone. By funding the research that will find cures and end the heartbreak they cause, we hope to realise our vision of a world without heart and circulatory diseases.

Set up by patients and carers, our affiliated Heart Support Groups provide support and friendship to anyone who has been affected by the emotional and physical strain of having a heart and circulatory diseases. Having been through it themselves they know what it takes to get that fighting spirit back.

Based on the recommendations of Heart Support Groups, the BHF has developed this directory. It’s been created to help you find and connect with your nearest group and ensure more and more people are getting the support they need.

With over 200 affiliated groups it can be difficult to find one that’s right for you. That’s why we’ve separated the groups based on their locations and provided as much information about them as we can. This includes their contact details, the activities they do, when and where they meet as well as their website if they have one.

If you’d like to find out more general information about Heart Support Groups, visit our website.

Alternatively you can email heartsupportgroups@bhf.org.uk or call our Heart Helpline on 0300 330 3311 (open 9am to 5pm Monday to Friday, similar cost to 01 or 02 numbers).

Resources

If you’re interested in setting up your own Heart Support Group, order our Heart Support Group Manual - “Getting going and keeping going” which is filled with hints and tips for starting and running your group.

The BHF has produced a booklet, “Heart to Heart – Heart disease and your emotional health”, which looks into the emotional strain of dealing with a heart condition or diagnosis and ways to cope with it.

We also have many other resources that provide information about a range of heart and circulatory diseases and their risk factors, as well as advice on living healthier.

To order any of our resources, visit bhf.org.uk/publications or call the BHF orderline on 0870 600 6566. Our resources are free of charge, but we rely on donations to continue our vital work.

BHF Heart Helpline

If you’d like information or support about your heart and circulatory health call 0300 330 3311 to speak to one of our Cardiac Nurses (open 9am to 5pm Monday to Friday, similar cost to 01 or 02 numbers). They can give you information and support about heart and circulatory diseases, and their risk factors. This includes conditions such as heart disease, stroke, vascular dementia and diabetes.

MIND Infoline

If you’d like information or advice around mental health call the MIND Infoline on 0300 123 3393 (open 9am to 6pm Monday to Friday, calls from landlines charged at local rates) or email info@mind.org.uk.
Research has given us machines that can restart hearts, the ability to fix arteries in tiny babies, devices to correct heartbeats, the power to give someone a heart they weren’t born with, and so much more.

We’ve helped transform survival rates but heart and circulatory diseases still kill 1 in 4 people in the UK, they cause heartbreak on every street. And our work is urgent and vital as ever.

Our research, is the promise to protect the people we love. Our parents. Our brothers. Our sisters. Our grandparents. Our closest friends.

Research is who we are. The promise of future cures and treatments. The promise to beat heartbreak forever.

Everyone’s donations have got us this far. Every breakthrough we’ve made has been funded by people like you.

The money you donate makes a real difference and together, we can beat heartbreak forever.
