

THE HEART EXPERIENCE

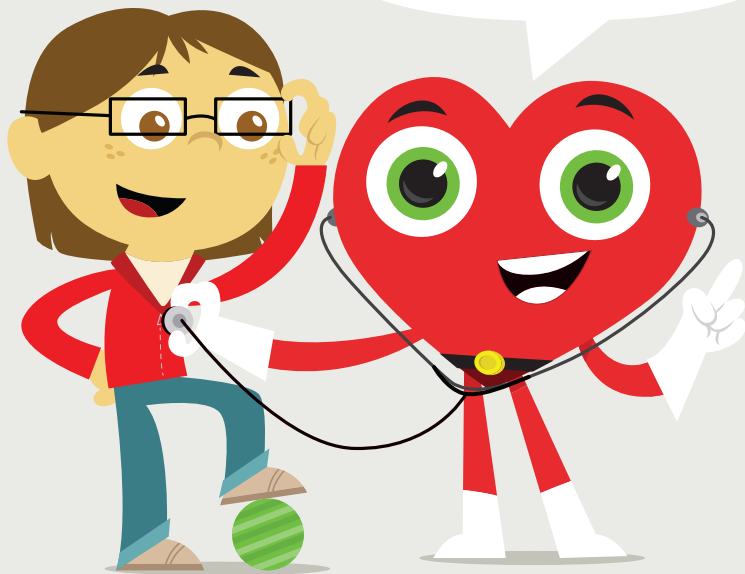

11am - 4pm Saturday 6 June 2015

Lecture Theatre & Studio 2
Manchester Art Gallery, Mosely Street

Come and learn how the heart works with our scientists:

- learn how your heart beats
- see what blood vessels look like
- learn about what can go wrong with your heart
- hear about current research and how it makes a difference.

Your heart beats an incredible 100,000 times a day! Find out more about your heart at the **FREE Heart Experience event for families**

In partnership with:

**FIGHT
FOR EVERY
HEARTBEAT**
